

BUSINESS - We Help Champion Your Business

Success - Watch your business grow when you leverage the marketing resources the chamber provides.

- Member to member partnerships
- Community marketing events
- Ribbon cutting/grand opening events
- Area information and online business directories

CONNECTIONS - We Help You Build Business

Relationships - Sell more of your products and services when you build business relationships with the Chamber's 300+ member businesses- the backbone of the Gulf County economy.

- Structured networking events
- Monthly networking opportunities
- Annual galas and community events
- Business information and referral center

KNOW HOW - We Help You Grow Your Business

Skills - Increase your confidence and build your business savvy when you learn the most up-to-date business development practices from chamber partners.

- Business training classes
- Business workshops and seminars
- Leadership luncheons
- Business roundtable
- Timely articles and current business developments

ADVOCACY - We Help Your Voice Be Heard

- Be assured that the chamber is speaking on your behalf with the combined power and influence of over 300 member voices.

- Community action committees
- City, county and state representation
- Political/economic newsletters
- Political access and relationships

In addition to these benefits, the Chamber also:

Provides assistance and information to

businesses that are looking to start-up, expand or relocate. We work with the Gulf County Economic Development Coalition, the Gulf Coast State College and several other workforce services to provide information and the help you need.

Maintains the most utilized website

that provides visitors with information about tourism, area businesses, demographic information and important links to other partner sites which provide information crucial to people thinking of relocating to the area, or doing business in the area. We also offer job postings and a community events calendar.

Holds networking opportunities

Lunch & Learns are a great networking opportunity and a way to be in the know about issues facing business while learning about services available to your business.

Provides seminars, workshops, and training opportunities

Publishes COMMUNITY CONNECTIONS, a weekly

online newsletter featuring local business news, highlights, and achievements of member businesses. It is also a great source of business-to-business prospecting and Chamber member specials.

Acts as a public relations firm to attract positive attention to promote Gulf County businesses.

Offers a unified voice for business on legislative

issues and government regulations at all levels that affect business.

Publishes the official Gulf County street map

that provides more in-depth information about the area.
